Who is Calibre CPA Group?

Founded on a mission to **provide services of a superior calibre**, Calibre CPA Group was established by several CPAs whose careers have focused on providing a comprehensive array of audit, outsourced accounting, tax, and consulting services to a variety of clients throughout the country. With offices in Washington, DC and Chicago, IL, our firm is staffed with 80+ professionals whose diversity of talents and expertise contribute to that mission.

Who Are Your Clients?

Our firm's clients represent focused segments of the tax exempt, commercial, and governmental sectors of the nation's business community. We serve as independent auditors to many prominent and distinguished organizations — from charitable entities, membership organizations, and associations and other not-for-profits to labor unions and employee benefit plans. Because of this "niche" orientation we've specialized our talents — our audit approach, tax preparation, and consulting services are geared towards the industries we serve.

Client Service is the Most Important Service We Provide

We also work hard to build value-added relationships with our clients. We feel the knowledge we gain in conducting an audit, completing a tax return or consultation engagement, along with our past experiences, builds worth in our relationships and can be measured by the degree of trust and commitment our clients have in our professional

staff. They work hard every day to earn our clients' trust. And that trust is not easily broken; in fact, some of our clients have worked with our professionals and predecessors for over 60 years!

Simply put, we consistently strive to provide services of a superior calibre, providing the dedicated and knowledgeable professional advice our clients rely upon.
